

Kinetico **SIGNATURE** SERIES®

WATER SOFTENERS

Efficient and effective performance for challenging water conditions

- Non-electric operation for reliable and economical performance
- Prevent stains and scale buildup on water-using appliances, fixtures and clothing
- Use fewer cleaners and detergents, yet enjoy a cleaner home
- Protect skin and hair from the damaging effects of hard water

Kinetico SIGNATURE SERIES®

Product Highlights

Non-Electric Operation: Moving water powers these systems, not electricity, so operation is simple and reliable. There are no timers or computers to set, adjust, repair or replace.

Works on Demand: Systems meter water use and regenerate based on actual usage. You won't waste water or salt, yet you'll always have clean, soft water whenever you need it.

SmartDisk™: Set to accommodate your specific water conditions.

Soft Water, Countercurrent Regeneration: You'll enjoy the benefits of improved system efficiency and water quality thanks to Kinetico's superior regeneration process.

Twin Tank System: One tank is always in service, even during regeneration, for an unlimited supply of clean, soft water.

Efficient Hardness Removal: Get the water you want in your home without sacrificing savings and convenience.

Effective Iron Removal: Removes soluble iron* from water.

*Depends on type and concentration of iron and other water conditions.

5 Year Limited Warranty: Rest assured, we stand behind our products.
